MANUFACTURING

HIGH QUALITY

HIGH-QUALITY COMBED YARN

All our cotton garments are made from high-quality combed yarn, giving them a softer feel.

FINE-KNIT FABRICS

All our fabrics are fine-knit to achieve a smooth feel and great comfort, making our garments ideal for printing and embroidery.

MAXIMUM SHRINKAGE CONTROL

Fabrics are fully linear compacted before garments are made to achieve maximum shrinkage control.

COLOUR FASTNESS

Utmost care is taken to ensure color fastness to perspiration, rubbing, and washing.

FORMALDEHYDE CONTENT TESTING

Formaldehyde is a chemical compound that can be present in fabric and we take steps to ensure it is as per the regulatory authority.

DURABILITY

Our fabrics are constructed with tight weaves and substantial knit structures to ensure the strong durability of the fabric over time.

PRINTING

TOP OF THE LINE

SCREEN PRINTING

Our fully automatic butterfly machines can print up to 500 t-shirts an hour using traditional screen-printing techniques. We also offer unique options like foil prints, glitter prints, water-based inks, halftone screen print, rubberized prints, and flock.

SUBLIMATION

Using German and US technology, we have the capability to sublimate jerseys and t-shirts, printing the complete fabric according to your design. Sublimation is an excellent option for vibrant, all-over prints that really pop.

TRANSFER

Our transfer service uses the best in the business - OKI machine and Magic Touch paper. This process allows us to print detailed designs onto heat transfer paper, which is then applied to your garment.

EMBROIDERY

PERSONALIZED

MONOGRAMMING

Add a touch of class and sophistication with personalized monogramming. Whether it's a single initial or a full name, we can embroider it onto your garment.

LETTERING

Want to add a special message or quote to your garment? We can embroider it in your choice of font, color, and size.

LOGO EMBROIDERY

Want to showcase your company or product? We can embroider your logo onto your garments for a professional, branded look.

3D EMBROIDERY

Let's dive into the fascinating world of 3D embroidery, also known as puff embroidery. This specialized technique adds a delightful three-dimensional touch to fabric and caps, making your designs pop off the surface.

TAGS & LABELS

CUSTOMISED

CUSTOM SIZE LABELS

We offer custom size labels with your branding or message for a professional touch that's tailored to your specific needs.

HEM LABELS

Hem labels are a great way to add branding to your garments. We create custom hem labels with your logo, tagline, or any other message you want to convey.

WASH CARE LABELS

To ensure that your garments are cared for properly, we apply custom wash care labels with instructions specific to your garments.

HANGTAGS

We can also create custom hangtags with your branding or message for a professional touch.

SUSTAINABILITY

COMMITMENT

At Times Clothing, we prioritize sustainability by offering a range of eco-friendly fabrics for our apparel. Our sustainable options include 100% organic cotton and PET bottle recycled polyester, all sourced to minimize environmental impact.

These fabrics maintain the high-quality standards our clients expect while promoting environmental responsibility. Our sustainable products create the perfect balance of offering environmentally friendly garments whilst being on trend and made to a high quality.

By choosing our sustainable fabrics, you support a greener future without compromising on style or durability.

Times Clothing is committed to conduct business in accordance with the highest standard of business ethics and respect for human rights.
